

FALL 2016

Because You Cared...

2016 has been a challenge and a blessing, but “because you cared” we have the privilege to serve our neighbors in need in so many heartfelt ways.

Save a Date to Volunteer...Come join us

The old saying that no one can do it alone is so true. This year we have seen so many blessings from so many that I can't say thank you enough to all that have reached out to serve. Please continue to keep the Food Bank in your thoughts and prayers. Thanks for your support. We get to make a difference together.

Tom Carden
Executive Director

Neighbors Helping Neighbors

Every day at the food bank is a new opportunity to touch the lives of people in our community and let them know there is a place to come to bring them hope.

Food Drives were a great success

Serve Days are all about team efforts and fellowship

Volunteers...they come in all sizes

Many Hands Equals Amazing Results

Volunteer Spotlights

Team Work On Our New Patio

Smiles "Produce" Friendships

If you have happened to drive by the food bank lately, you may have noticed some changes taking place. We would like to thank a few from our large team of volunteers that humbly have served to make these changes come to life. Local Orangevale residents, Steve Kassel, engineered our new patio area and roof structure. Mic and Steve Coughlin from Rustic Pools completed all the grading and excavating work and drainage plans. Jim Hoppe, Sierra General Contracting, supervised the overall building part of the project. Even though these very active volunteers brought a specialty to our building endeavor, each one picked up the needed tool to finish the project. If you stop in to volunteer, look around, you will probably see these pros helping sort produce, filling USDA bags, unloading trucks or one of many other needed tasks. Thank you gentlemen for all your hard work and dedication.
